Cyber risk assessment report

Prepared for sme.appendix.20260823@example.com
Assessment bf2bd972-e6e6-4230-8b81-d7c9e70768c7
Generated 2026-08-23T17:44:11.749Z

Business context

No business context was provided. Add a short description of the firm (sector, headcount, or systems) from the results page to include it here.

Overall score and risk band

100% · Low risk

Overall score 100% sits at or above 70%, so residual risk is Low. Access control is the strongest area (100%). Keep reviewing access and backups as the business grows.

Scores by domain

Prioritised recommendations

No domain scored below the Low-risk threshold. Keep reviewing access and backups as the business changes.
